KLUDI RAK

KLUDI RAK is a limited liability company founded in 2007 as a joint venture between the high profile German bathroom and kitchen fittings manufacturer KLUDI and RAK Ceramics - one of the world's largest ceramic manufacturers.

KLUDI RAK is headquartered in the Emirate of Ras Al Khaimah and manufactures high quality bathroom fittings with timeless and modern design. Combined with the best German technology and quality ensuring processes, modern European machines and proven understanding of the local market, KLUDI RAK provides long lasting bathroom fittings - which satisfy many customers in the Middle East, South Asia and Africa. In order to constantly guarantee the high standards of our products, we use components that are carefully selected and sourced from well-established European suppliers. Additionally, every piece leaving our factory is controlled by very well trained, highly skilled and experienced employees to ensure a German quality standard.

The humble origins of a successful business conglomerate - KLUDI dates back to 1926, where the concept of quality and sustainable bathroom fittings for the user's comfort and convenience took shape in a production workshop in Germany. The idea evolved from KLUDI's core mission, to make every household innovative and add value to the lives of people in the community.

KLUDI are the experts in bathroom and kitchen fittings and total bathroom solutions. With almost 100 years of experience in the design of fittings, the design experts blend shape and function to create a spectrum of precision-perfect products. KLUDI's exclusive product portfolio of fittings is unique in design and conserves water & energy. Reputed for their aesthetic styles, functionality and sustainable features, KLUDI fittings continue to be a source of inspiration even today.

To cater to the quality-conscious customers in the United Arab Emirates and the Middle East and their requirements for elegant and functional quality fittings, RAK Ceramics, the world's largest ceramic manufacturer in collaboration with KLUDI Germany, the world-leaders in mixers, showers and accessories established KLUDI RAK in the Emirate of Ras Al Khaimah.

Together with KLUDI RAK's 15 years of regional expertise, skilled craftsmen, a manufacturing unit equipped with advanced European technology and backed by KLUDI's 9 decades of expertise in kitchen and bathroom fittings, KLUDI RAK has all the strengths combined to design and manufacture premium water-efficient products that are durable and consistent in quality.

KLUDI RAK fittings are the preferred product of choice for commercial, industrial, residential sectors and hospitality across UAE. Moreover are recommended by architects, interior decorators and project planners. KLUDI RAK is thus poised to offer top-notch kitchen and bathroom products to its valued customers in UAE and the Middle East.

UPHOLDING
THE HERITAGE
OF QUALITY
SINCE

PERFECTING PRECISION

FITTINGS THROUGH TECHNOLOGY

- 1** KLUDI RAK uses Brass as per European Drinking water standard.
- 2** KLUDI RAK maintains a 3-layer plating thickness of Semi bright Nickel, bright Nickel and Chrome - measuring minimum 12.3 microns
- 3** KLUDI RAK LONG LIFE TECHNOLOGY These special Ceramic cartridges have an effortless movement that fulfill the endurance tests under EN817 with 210,000 cycles without any damage
- 4** Plastic parts which are in accordance to KTW/W270, WRAS, KIWA and DVGW approvals
- 5** The aerator innovative solutions for drinking water regulate flow rates and protect water from contamination and reduce water consumption
- 6** The Flex Hose outer stainless steel braiding and the inside Pex Tube ensure hygiene safety conforming with DVGW KIWA/ CSTB/WRAS certificates

QUALITY REFLECTS IN EVERY DETAIL

Makers of beautifully crafted, high quality kitchen and bathroom products KLUDI RAK is a brand to reckon with. Strategically located in the Emirate of Ras Al Khaimah, KLUDI RAK upholds the brand promise by consistently delivering top-grade products to its loyal customers.

Accredited with various certifications for quality, conformity and promoting sustainability, the state-of-the-art manufacturing plant of KLUDI RAK integrates the latest European technical innovations in its development process, while adhering to sustainable practices by creating energy and water saving products, besides having superior quality raw materials procured from Europe to maintain consistency in the quality of the products at all times; ultimately, the next range of bathroom and products are directly supplied from the KLUDI RAK factory across GCC, the Middle East, Africa and Indian subcontinent.

SAVE WATER FOR FUTURE GENERATIONS

ADDED ADVANTAGES

- Maximum lime resistance.
- Maximum lifespan.
- Perfect stream quality even under different flow conditions.
- Very low noise level.
- Damage proof: unlike Conventional wire mesh screens, it can't be crushed.
- Integrated anti clogging dome screen -which filters sediments and particles.
- Constant flow rate as per requirements can be achieved irrespective of input pressure.

PROFILE STAR

PICTURE PERFECT MATCH FOR THE DISCERNING

The Profile star collection is a perfect match for your choice of style and convenience.

The KLUDI RAK Profile collection showcases well-defined perfect bath fittings that match the taste of every discerning customer. Geometric contours and accented facets are the primary inspirational elements featured in the Profile star series. Ergonomically designed with excellent quality craftsmanship, the handle of the faucet reflect a cubic shape with rounded edges lent it a unique visual appeal.

PASSION

CLASSIC STYLE WITH ENHANCED FLEXIBILITY

A flawless synergy of geometric shapes that blends with all bathroom styles, mixers from the Passion is designed to offer maximum flexibility. The shower mixers have a sleek and flat hand-held shower that releases gentle & steady flow of water similar to the falling rain. Furthermore showering becomes an invigorating experience. The Kitchen mixer comes with a spout that can revolve 360 degrees, creating ample space within the sink.

KLUDI RAK operates under international certifications that demonstrate its dedication to manufacturing quality products

DVGW CERTIFICATE GmbH is the largest gas and water industry certification body in Europe, covering all the certification procedures required in the gas and water sectors. The main objective of all certification work is to ensure that there are no safety, hygiene or environmental objections to the products and companies certified. The DVGW CERT certification system ensures proven quality and safety on the basis of the DVGW standards and other recognized technical standards and test specifications.

ISO 9001:2015 is the international standard that specifies requirements for a quality management system (QMS). Organizations use the standard to demonstrate the ability to consistently provide products and services that meet customer and regulatory requirements. ISO 9001:2015 is based on the plan-do-check-act methodology and provides a process-oriented approach to documenting and reviewing the structure, responsibilities, and procedures required to achieve effective quality management.

SASO Quality Mark is an important means to guide consumers to products that conform to Saudi Arabian standards. Through the Quality Mark, products gain customers' satisfaction and trust.

Emirates Green Building Council (EmiratesGBC) was formed in 2006, with the goal of advancing green building principles for protecting the environment and ensuring sustainability in the United Arab Emirates.

SONCAP The Standards Organisation of Nigeria (SON) is the apex standardization body in Nigeria.

WRAS is a subscription membership company limited by guarantee and was incorporated on 4 August 2008. The purpose of WRAS is to contribute to the protection of public health by preventing contamination of public water supplies and encouraging the efficient use of water by promoting and facilitating compliance with the Water Supply (Water Fittings) Regulations and Byelaws.

Emirates Authority for Standardization and Metrology (ESMA) was established as the sole Standardization Body in the UAE. The body issues conformity certificates for Water Fixtures Products complying with the UAE Assessment Scheme (ECAS) according to the technical requirements of the cabinet resolution No. 43 for the year 2014.

ADQCC Abu Dhabi Quality and Conformity Council is an Abu Dhabi government entity established in accordance with Local Law No. (3) of 2009 to raise the quality of Abu Dhabi's exports and products traded locally. QCC consists of a council of regulators and industry with a mandate to ensure provision of quality infrastructure in line with global standards.

Supplier Certificate from UAE Ministry of Infrastructure Development

KLUDI RAK's products have been issued with the Water Efficiency Label from SASO Water Efficiency Labeling Programme of Saudi Arabia, Emirates Authority for Standardization and Metrology (ESMA) of the UAE and Egyptian Organization For Standardization & Quality (EOS) of Egypt. KLUDI RAK is amongst the first companies to have 5-star ratings from ESMA and A-grade ratings from SASO for its products.
